Our Mission

Healthy Children and Rivers

The river is our classroom. We teach and reinforce traditional academic subjects; introduce important personal growth initiatives such as leadership, self-discipline and civic responsibility; and foster a life-long connection to and affection for our waterways.

Texas River School is organized to promote and provide awareness and education about surface and ground water resources and the preservation.

"The best part is spending time with my friends and camping out" – Marco Duran, Sanchez 5th grader

Rivers Healthy!**

PROGRAMS

DISCOVER THE SOURCE

The Discover the Source program is a one-day canoeing program for area youth, emphasizing the importance of the "source" of Barton Springs.

COLORADO DOWNRIVER TRIP

The Colorado Downriver Trip starts at the Montopolis Street Bridge and ends at Texas River School's River Camp. This trip emphasizes the importance of a moving river in a more rural setting.

OVERNIGHT CANOE CAMPING

The Overnight Canoe Camping Trip is a program for our more experienced students. This trip takes place on the Colorado River, from the Montopolis Street Bridge to Texas River School's River Camp.

"Kids do better on testing — they're healthier and happier if they spend unstructured time in nature," – Joe Kendall, founder of Texas River School.

ACTIVITIES & EVENTS

CAMPGROUND & RIVER ACCESS

Texas River School's River Camp, a Texas Parks and Wildlife Department's river access point with campsites and opportunities for day use, fishing, boating, and picnicking. The River Camp is secluded yet has a view of the Austin Downtown skyline.

MOONLIGHT BAT FLOAT

Guided by the light of the moon, enjoy live music with Austin musicians as you see the bats and skyline from a different perspective.

VOLUNTEER

There are many opportunities that need your skills and enthusiasm – day trips, Eeyore's Birthday, cleanups, etc.
